2. Chief and Deputy Chief, LS have now reviewed 17 of 22 language hierarchies in LS. A language hierarchy is the series of courses offered by any one faculty in LS. These reviews have been an education for Chief and Deputy Chief, LS but in addition new ideas have been surfaced which can be passed from one faculty to another. At the conclusion of the reviews we plan to begin a discussion of LS teaching methodology and philosophy. The review has already been useful in that suggestions for improvement and further professionalization have arisen from the discussions. We have been further impressed with the high quality of our staff and of their genuine efforts to present high quality instruction.

3. Our semi-annual meeting of the LS Contract Review Panel was held on Thursday, 18 June, to consider the contract status of all LS contract personnel and promotions. Recommendations for promotions and quality step increases were made to the C/LS. Miss [REDACTED] represented 25X1A9a the Personnel Branch, OTR.

5. The first year of the BAHLT Program was concluded on 18 June. Twenty-one students out of an original sixty completed the second semester. These students are now in the process of taking their proficiency tests. We should have all the results within the next two weeks so we can evaluate the program thus far. Mrs. [REDACTED] explained that the Japanese equivalent of "How are you" is "O-hio" which she stated can easily be remembered by saying exactly in English the name of the State of Ohio. The next day as she passed her colleague in the hall she was greeted with a wave of the hand and "Idaho".
